

ASHRAE \$1000 Scholarship Application (02/23/10)

The Utah Chapter of the American Society of Heating, Refrigerating and Air Conditioning Engineers, Inc. would like to offer multiple \$1,000 scholarships to undergraduate engineering students attending area colleges. These scholarships will be awarded at our annual Student Night Dinner to be held at the ARUP Building (University of Utah Research Park) on the evening of March 18, 2010.

Students who have an interest or background in thermodynamics, psychrometrics, fluid mechanics, indoor air quality, energy, building automation or controls, heating, ventilating, refrigeration or air conditioning (HVAC) principles are invited to apply. If you are in your junior or senior year, please submit the following:

- Cover letter stating how receiving this scholarship will help you in your education which may lead to a career in the building sciences, energy or HVAC areas.
- Resume of your relevant classes and/or work experience relating to these areas.
- List of classes in these areas that you have completed or are planning to take.

Please submit this application package, signed by your academic advisor (cover letter), to Brandon Briggs at Van Boerum & Frank Associates at the address below. The deadline for receiving these applications is March 12, 2010. The Utah ASHRAE chapter Board of Governors will review the applications and select two or three successful students to be awarded the scholarships. We encourage all applicants to attend the ASHRAE Student Night event.

Student membership is encouraged, but not required. Enjoy membership benefits and privileges for only \$16.00. To join or learn more, visit www.ashrae.org/students

If there are any questions, please contact Sara Kienke (ph: 801-530-3148 email: skienke@vbfa.com) or Brandon Briggs, at the contact information below.

Sincerely,

Brandon Briggs, Utah ASHRAE Chapter President
